

Welcome to Think Simplicity

Voice Over IP Solutions

We have solutions that can help reduce communications costs as well as increase your teams mobility and accessibility. With Voice Over IP (VoIP) your telephone has never been so effective.

Online Data Backup Solutions

Do not leave your critical data to chance. By using Think Simplicity's online data backup solutions, you will not have to worry when disaster strikes due to hardware failure, software failure, virus attacks or even fire. Your data is securely kept and encrypted off-site.

Computer / Network Solutions and Support

Getting access to your data quickly, reliably and securely is our promise. We can design, build and support all your computer technologies so that you can run and grow your business. Our goal is to help you grow your business by reducing your bottom line with proven solutions within any budget.

Hardware and Software Sales

Let us get you the equipment you need to meet the demands of your computer requirements. We have a wide range of computer and software available from many reputable vendors that you can trust. Our team will make sure your acquisition experience is simple and worry free. Give us a try today!

Contact us today to discuss your computer technology needs by phone at 416-907-8041 or email info@thinksimplicity.net This e-mail address is being protected from spam bots, you need JavaScript enabled to view it
